Freedom from smoking clinic

A Freedom From Smoking Clinic sponsored by the American Lung Association of South Central Pennsylvania will be held on Monday, June 18, at Dickinson College, in Carlisle, at 7:00 p.m. The cost is $40.

This eight-session group program is led by trained experts who understand rationalizations and motivations about continuing to smoke. The program uses a positive behavior change approach that teaches you how to become a nonsmoker. Special attention is given to developing a quitting strategy, dealing with recovery symptoms, controlling weight, managing stress through relaxation, to assertiveness techniques and to staying off cigarettes permanently. For many smokers-especially those who have tried to quit before-group support can make the difference in helping to stay smokefree.

Registration is required. For additional information, contact the American Lung Association of South Central Pennsylvania at 845-LUNG, or 1-800-351-1512.

COMING UP ON ABC: The network has some interesting productions dealing with the deeper emotions of the human condition expected to air either in the fall, or early next year. They include the following:

"The Last Best Year of My Life" stars **Bernadette Peters** as a woman who learns to face the reality of her impending death, and **Mary Tyler Moore** as her doctor, who finally comes to terms with her own feelings about death and dying.

Patty Duke stars as herself in the ABC film version of her best selling autobiography, "Call Me Anna." When I asked Patty about the book last year, she said "Writing it was both painful and cathartic. It isn't easy finding, and then facing, long buried truths ... (but) you feel better when it's all finally out."

In "The Boys," **James Woods** and **John Lithgow** are lifelong friends and writing partners. One of them develops terminal lung cancer that might possibly be traced to knowledge in the other man's exhaled cigarette smoke for 20 years. The tragedy leads to a crucial test of their long friendship.

DARRYL TALKS! John Volstad, who has been playing Darryl number two, one of a pair of sisters Darryl siblings on, "Newhart" for eight years, will be saying two of the most important words in his life — "I Do" — on June 16 when he and **Kelley Fowler** marry in her hometown of Gadsden, Ala.

P.S. Although the show ends its long run on CBS this year, fans can take renewed heart in the news that **Bob Newhart** is already well into the discussion stage for his next series.

* * *

Terry McQueen, who was in "Fire and Rain" on the USA Network, has taken up a cause in memory of her father, **Steve McQueen,** who died of cancer. "It's a crusade to educate people to go to the doctor before it's too late. I don't know if my father would still be alive if he'd gone for a checkup when he developed a persistent cough. Maybe not. But then, again, maybe he would be."

YOUR HOROSCOPE
by Charles King Cooper

ARIES (March 21 to April 19) Use your intuition when dealing with sensitive types. Neither you nor a loved one is in the mood to compromise. Don't force issues. Morning hours find you sorting out past events. Later, you'll come up with important career plans. Community affairs are favored.

TAURUS (April 20 to May 20) You're comfortable now in the role of adviser. You have good insights into others, yet you'll have to be tactful. You have strong hunches about money in regard to a career move. Do over accounts and make plans to improve your overall security.

GEMINI (May 21 to June 20) Not everyone will agree with you now, but you'll have perfect support with a loved one. Have fun making plans together. Don't let the emotional reactions of others get to you. You're on top mentally and will make important, job-related decisions.

CANCER (June 21 to July 22) Stresses in a romantic relationship require a heart-to-heart talk. But rest assured that others will see your point of view. Work output is uneven now. Don't push yourself if tired. Domestic matters are happily highlighted and family talks are lively.

LEO (July 23 to August 22) Romance has both ups and downs. Toward nightfall, you're creative and articulate. Your ideas bring favorable reactions from others if others are touchy; find a quiet spot where you can relax by yourself. You'll make an important decision now about a needed purchase.

VIRGO (August 23 to September 22) Someone's overbearing behavior could get to you, yet you are able to cut through red tape and present your ideas effectively. Though financial dealings with others aren't favored, you'll get good ideas about a career matter. Work done in private is lucky.

LIBRA (September 23 to October 22) Your mate is in a talkative mood. Be prepared to listen. Your ideas bring favorable reactions from others. Your creative talents are highlighted. Travel is favored. Don't be careless about money, especially in the pursuit of pleasure. Minor matters could affect personal relationships.

SCORPIO (October 23 to November 21) Coordination or previous experience could trouble you. Answers aren't easy to obtain now. Find ways to relax and cut down on stress. Relations with friends are touchy, particularly concerning financial matters. Don't be talked into something you don't want to do.

SAGITTARIUS (November 22 to December 21) It will be hard to regulate your career according to the wishes of loved ones. You seem split in two directions, and this hinders progress. Life's little annoyances could get to you now. You're on top mentally and will make important, job-related decisions.

CAPRICORN (December 22 to January 19) Do nothing to precipitate crisis. Love relationships seem to be troublesome now. It's a good time to raise debatable issues. Don't let a minor disagreement escalate into an argument with a relative or a loved one. Others are entitled to make mistakes, too!

AQUARIUS (January 20 to February 18) You'll have to be extra sharp on the job now. Pay attention to important details, and don't merely skim the surface. Avoid arguments. You could be careless about money, especially in the pursuit of pleasure. Minor matters could affect personal relationships.

PISCES (February 19 to March 20) Trying to avoid a domestic problem will only increase the difficulty. Make a list of the things you have to do and then get them done. Face facts and avoid rationalization. Be discreet in speech, and do nothing to arouse the suspicion of others. Avoid gossips.
